## A Video about The Lodge at Pico Bonito

Posted by [Rob Ripma](#)

It's been awhile since I've had the chance to post here on Birding is Fun. I've been very lucky to be traveling a lot and just have not been able to keep up with my posting. One of the first trips that I took to kick off my last few months of busy travel was to [The Lodge at Pico Bonito](#) in Honduras. I was there to see if my new tour company, [Sabrewing Nature Tours](#), thought it would be a good location to run tours as well as to video and photograph as many bird species as possible.

The result of all of the photography and video came together in a two minute video that I have created in order to promote both the Lodge and our upcoming tour to Honduras. I think it really shows what a special place Pico Bonito is!

I hope to get back to posting more regularly here on Birding is Fun and catching everyone up on all the fun and exciting places that I have been traveling to!
